6. FINAL INFORMATION

The starting list and assigned starting numbers for individual competitive performances will be sent to registered clubs in advance by email.

Video recordings of individual competition performances must be recorded in the period 01.02.-10.02.2024, ideally with a mobile phone (due to limited data capacity) in a one-time recording without interrupting the recording and without subsequent processing of the recording. The music must be recognizable enough on the video. In categories that include shouting, it must also be recorded as part of one complete video recording.

The videos will be sent via google form, each competition performance separately. The link to the relevant form will be sent to all registered clubs at least 24 hours before the video submission deadline, i.e. no later than 5th February 2024. Judges evaluate individual competition videos online. The results will be announced by the club within 30 days (taking into account the Christmas holiday period) from the day of the competition. Score sheets will be sent to the clubs by an email. Medals and diplomas will be sent by post during the month of March 2024. The list of results will also be publicly available at www.scu.sk.
